Product

Marine Auxiliary Machinery _ Pneumatic Machines

Air Conditioning Plant

USHIO provides complete HVAC (Heating, Ventilation and Air Conditioning) services includes engineering, procurement, manufacturing, installation and commissioning with 40 years experiences in Marine & Offshore industries.

As a next-generation HFO-based refrigerant, R449A equipment has been released in standard lineup. It has zero ozone depletion potential (ODP) and its global warming potential (GWP) is 1397 which is 64% respectively lower than R404A.

Provision Refrigerating Plant

The system consists of compact type water-cooled condensing units, expansion valve panel and fan coil units in each cold room. Room temperature is controlled by opening / shutting of the magnetic valve connected with thermostat.

Cold Room

(Pre-insulated panel type)

Various sizes, layouts and surface materials are available according to customer's requirement, and our design can be also applied to USPH (U.S. public health) which is well known as one of the highest grade.

Packaged Air Conditioner

Our compact type packaged air conditioner is suitable for smaller rooms such as Wheel house, Galley, Engine / Cargo control room, Switchboard rooms, Workshop etc.

Others _ Others

Elevator

USHIO provides complete Elevator services includes engineering, procurement, manufacturing, installation and commissioning with 20 years experiences in Marine & Offshore industries.

Our products comply with major nationalities classification society such as ABS, LR, DNV GL, BV, RINA, NK etc.

After-sales service

BUSINESS SEC. / MARITIME SALES TEAM
